

# The success of double degrees at ANU

Tom Gedeon

Research School of Computer Science

ANU

# ATARs

- ANU median ATAR 91
- RSCS median ATAR 87
- Current single degrees:
  - BIT  $\approx$  82
    - (minimum ATAR 80, possible 5 bonus pts)
  - BSEng  $\approx$  87
  - BAdvC  $\approx$  92

# Double degrees (flexible)

- 31% per year for previous 3 years ( $\pm 4\%$ )
- 40% in 2014
- Starting students are different this year ...
- All Bachelors degrees need to allow an external major = 8 courses ie 1 year
- So, 2 x 3yr-Bachelor's degree = 4 years
- 3yr-Bach + 4 yr-Bach = 5 years
- **All\*** degrees can be combined

# Traditional: Computing + ???

- B Arts/B Information Tech
- ~~B Economics/B Information Tech~~
- B Business Admin/B Inf Tech
- **B Comm / B Info Technology**
- B Information Technology/B Laws
- B Engineering/B Inf Technology
- B Software Eng/B Science
- B Software Eng/B Commerce
- B of AdvComp/B of Science

# Flexible double degrees

- B Actuarial Studies/B Info Technology
- B Asia-Pacific Studies/B Info Technology
- B Finance/B Info Technology
- B Info Technology/B Music
- B Info Technology/B Science
- B Info Technology/B Science (Psychology)
- B Software Engineering/B Asia-Pacific Studies
- B Software Engineering/B Science (Psychology)
- B Software Engineering/B Statistics

# Flexible double degrees 2

- B Advanced Computing/B Actuarial Studies
- B Advanced Computing/B Asia-Pacific Studies
- B Advanced Computing/B Arts
- B Advanced Computing/B Asia-Pacific Security
- B Advanced Computing/B Commerce
- B Advanced Computing/B Economics
- B Advanced Computing/B Finance
- B Advanced Computing/B Science
- B Advanced Computing/B Statistics
